NEW HAMPSHIRE AIR POLLUTION CONTROL COMMISSION
REGULATION NO. 1
PROHIBITION OF OPEN BURNING

I. Purpose

This regulation is adopted for the purpose of preventing, abating, and controlling air pollution caused by air contaminants discharged into the air by open burning of combustibles.

II. Definitions

For the purpose of this subtitle, the following words and these meanings:

A. Combustion Products: Particulate and gaseous contaminants created by the burning of any kind of material.

B. Open Burning: The burning of any type of combustible material in the open, not in any enclosure, where the products of combustion are emitted directly into the atmosphere without passing through a stack or chimney.

C. Refuse (garbage, rubbish and trade wastes):

1. Garbage: Waste resulting from distribution, preparation and serving food.

2. Rubbish: Solids or liquids not considered to be highly flammable or explosive, such as, but not limited to, paper, rags, ashes, leaves, tree branches, yard trimmings, furniture, tin cans, glass, crockery, demolition wastes, junk automobiles, tires, automotive parts, paints, oils, and other similar materials.

3. Trade Waste: Combustible solid or liquid material resulting from construction, building operations, or the prosecution of any business, trade or industry, such as, but not limited to, plastic, rubber, leather, chemicals, cartons, paints, greases, oils, other petroleum products, sawdust, dead animals (including fish and fowl), and other forms of solid or liquid waste materials.

D. Stack or Chimney: Any flue, conduit, or duct arranged to conduct an effluent to the open air.

E. Commission: State Air Pollution Control Commission.

F. Agency: State Air Pollution Control Agency.

III. Open Burning Prohibited

No person, firm, corporation, association, municipal or state agency shall ignite, cause to be ignited, permit to be ignited, or suffer, allow, or maintain the burning of refuse except in conformity with the provisions of Section IV.

IV. Permissible Open Burning

When not prohibited by local ordinances or officials having jurisdiction, such as local, state or federal fire wardens or other fire prevention officials, the following types of burning are permissible, provided no nuisance is created:

A. Fires in conjunction with holiday and festive celebrations and other special occasions.

B. Campfires, outdoor grills, and fireplaces for recreation or preparing of food.

C. Burning of solid or liquid fuels or structures for the purpose of bona fide instruction and training of municipal, volunteer, and industrial firefighters in the methods of fighting fires when conducted under the direct control and supervision of qualified instructors. Said firefighters shall be residents of the state of New Hampshire or affiliated with the mutual aid systems within the state of New Hampshire.

D. Burning of brush, tree cuttings and slash in forest areas where the cuttings accrue from pulping, lumber, clearing of rights-of-way and similar operations.

E. On-premises burning of leaves and burning for the purpose of weed abatement, disease, frost and pest prevention and agricultural improvement.

F. Burning of Combustible construction material resulting from the demolition of buildings and other structures, brush, tree trunks and the like, originating from within the state, provided such burning is done in a specified area approved by the Agency.

G. Backyard burning of combustible domestic rubbish where no public disposal service is available. This provision applies

only to on-premises burning of combustible materials in a backyard waste burner having a capacity of seven (7) cubic feet or less and serving a building containing four (4) or less dwelling units.

H. Open burning, in remote areas, of highly explosive or other dangerous materials for which there is no other feasible method of disposal or for non-recurring unusual circumstances. However, written permission for this type of burning must be obtained in advance from the Agency.

No business, trade or industry engaged in whole or in part in salvaging or reclaiming any product or material, such as, but not limited to, reprocessing of used motor oils, metals, chemicals, shipping containers, or drums, and specifically including automobiles, automobile parts and junkyards, shall burn in the open air after July 1, 1968. A suitable incinerator or other means of compliance, approved by the Agency shall be employed.

VI. With the exception of salvage operation as described in section V, town and city solid waste disposal areas presently in use shall not be subject to the provisions of this regulation until July 1, 1971. Open burning shall not be permitted at any new waste disposal site after July 1, 1968.

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

New Hampshire is the fastest growing state in the northeast in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the back yard of our village streets. In a state where the forests cover 86% of the land surface, it is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn —
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow, Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A. M. and 5:00 P. M.
 - c. Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save our tax dollars for useful purposes.
